

Vinyl-lined Trash Bag

1. Cut outer fabric, lining and plastic 12.5" x 19"

2. Seam outer fabric, right sides together along short side
Press seam open. Seam along bottom of bag.

3. Mark cutting lines at corners - 1 3/8" square, above seam line

Cut out corners Bring together and seam
(I cut a 1 3/8" template from a plastic lid)

4. Layer plastic and lining, sew as above, plastic inside **using large stitch**. Finger press seam to side. Sew across bottom. Mark corners, cut and seam as above. Do not turn.

Ties - cut 2.5" X12" - press as shown to make sewing easier.
Band - cut 6" x 18.75" - sew into ring - Fold wrong sides together.

Place lining inside outer bag, matching back seams. Add ties to each side of seam against the vinyl. Pin sparingly if desired, keeping within seam allowance.

Add band, stitch around top, using large stitch length

Finish seam with zig zag or serger.

Turn band to front.
